RESPONSE

Commissioner For Patents
P O Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In response to the Office Action dated December 2, 2004 in the file of the above-identified patent application, the applicant responds herewith.

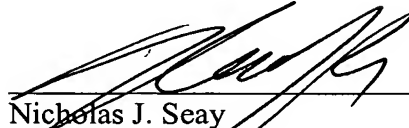

Included with this Response is a Terminal Disclaimer in favor of U.S. Patent No. 6,594,346 so that the term of this patent does not extend beyond the term of that patent so that the patents will be commonly owned.

Please charge the fee for the Terminal Disclaimer believed to be \$130.00 to Deposit Account No. 17-0055. I have enclosed a duplicate copy of this sheet.

The only rejection applied against the claims of this application was an obviousness-double patenting rejection over the aforementioned U.S. Patent No. 6,594,346. Accordingly, it is believed that the submission of this response will overcome that rejection and put this case in condition for allowance.

A separate petition for extension of time is submitted herewith so that this response will be considered as timely filed.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'N. Seay', is written over a horizontal line.
